Press Statement

The Ministry of Planning, Development and International Cooperation of Northeastern State of Somalia warmly congratulates all Somali-Americans elected to federal and state public offices in the United States.

We particularly commend Congresswoman Ilhan Omar on her re-election to a historic fifth term in the U.S. House of Representatives. These achievements reflect the growing contributions, leadership, and civic engagement of the Somali community in American society.

We take great pride in seeing Somalis excel in public service and leadership, and we hope their success will further strengthen the bonds of friendship, cooperation, and mutual understanding between Somalia and the United States.

Congratulations to all elected Somali-American leaders. Your achievements are a source of pride and inspiration for Somalis everywhere.
